

This moment brought to you by
MARINE ATLANTIC

At Marine Atlantic, we need people like you to create moments like this.

Fleet Operations Officer

At Marine Atlantic, we do so much more than get people from point A to point B. Whether it's reunions, long-awaited trips home, or the start of a new adventure, we bring people together. We couldn't bring people together every day without our own dedicated employees. Our employees embody our core values; they are safety oriented team-players who exhibit integrity and commitment, and always strive for excellence. Their understanding and commitment to our values make our employees an invaluable part of our organization.

Marine Atlantic is currently looking for a **Fleet Operations Officer** to work with our Fleet Operations group in the Operations Department at our North Sydney, NS location.

Fleet Operations ensures that the fleet put into service is operated effectively and safely to meet schedule and customer requirements.

Reporting to the Marine Superintendent, the Fleet Operations Officer, provides support to the Marine Superintendent as well as Masters and other onboard managers. The incumbent will work with vessel personnel and corporate departments to develop and implement programs related to fleet operations/procedures, maintenance programs, emergency procedures and crew training throughout the fleet. This includes oversight, development and delivery of programs for Bridge equipment, Life Saving Appliances, Fire Fighting Equipment/Systems, Personal Protective Equipment, Emergency Drills Program, Passenger Safety Management, Marine Evacuation Systems and crew familiarization/training.

Key Areas of Responsibility

- Contribute to a safe and respectful workplace and uphold our corporate values.
- Assist in training assessment for vessel personnel and work with internal and external training resources.
- Remain abreast of changes to regulations, industry best practices and other MAI requirements related to vessel operations, onboard training and competencies of marine personnel.
- Conduct regular inspections and reviews of the onboard Emergency Drills program to assess the effectiveness of existing programs and identify gaps for the purposes of improving the emergency preparedness of all vessel personnel.
- Work with, and supports, onboard managers to achieve corporate goals and meet operational requirements for the fleet.
- Assist Masters and other managers in liaising with external vendors, regulatory agencies like Transport Canada and Classification societies.
- Assist in monitoring and compliance of the maintenance program and regulatory trading certificates.
- Implement corrective action plans resulting from inspections and audits to prevent recurrence and address any identified deficiencies or non-conformities.
- Assist Superintendents in conducting investigations, inspections/audits, planning repairs and refits of the fleet, preparing documentation for voyages outside the usual routes.
- Attend the vessel during surveys, audits and refits, and monitor, document and report the work progress.
- Participate in various committees, projects and strategic initiatives.
- Assist in the accomplishment of company objectives by performing other related duties as required.
