

“I want to work in a dimly-lit office,”
said no one ever.

Marine Electricians

As part of the Marine Atlantic team, you will participate in a variety of ongoing training programs and development opportunities to navigate your career and chart your course for success. We provide a positive and inclusive work culture that is dedicated to creating an environment which promotes employee growth, career development, and job satisfaction. Some benefits of working with Marine Atlantic include competitive salaries, defined benefit pension plan, comprehensive health benefit packages, and professional development opportunities. Come experience the pride of working with an organization with newly constructed and revitalized infrastructure that has positioned itself for the future.

Marine Atlantic is currently looking for **Marine Electricians** to work onboard our vessels that operate from the ports of Port aux Basques NL and North Sydney NS year-round; and Argentia NL during the summer season. These positions are permanent, spare and relief positions that are scheduled across our fleet and each tour based on operational requirements.

Reporting to the Chief Electrical Engineer, this position performs preventive maintenance as scheduled and carries out corrective maintenance duties as required. This position also performs preventative maintenance based on assigned job cards.

The Marine Electricians' main responsibility is for all electrical maintenance to be performed on a safe and timely basis pertaining to all departments. This position must have a good understanding of the vessel's electrical machinery, systems and test equipment, and provide advice when performing difficult tasks. The vessel crew members must have a clear understanding of the Muster list, emergency duties, Vessel Emergency Plan and SOLAS training manual.
