

## **Improving For You**

### **Upgrades ongoing at the North Sydney and Port aux Basques Terminals**

We are committed to inform you of the many activities related to our shore-based renewal program at our terminal properties as we continue moving through our construction phase. Our project plan has been designed to have as little impact as possible on our customers and operations during this period.

#### **Your safety is important to us.**

During the construction phase, contractors will be working at various locations throughout our terminal properties. While the project plan has been designed to minimize the impact on our customers, we ask for your assistance during this period of increased activity. Please familiarize yourself with posted signage and avoid construction areas.

If you have any questions regarding our renewal process, please feel free to speak to a member of our team. Thank you for choosing Marine Atlantic.

Andrew Tobin  
Manager of Customer Relationships

#### **Activity during Week of April 29th**

##### **North Sydney                      Commissioning of the new electrical system**

**Note:** Following several months of upgrade work, the Gulfspan dock in North Sydney has re-entered service.

##### **Port aux Basques                      Ongoing upgrades to interior of Terminal Building** **Ongoing Gulfspan Dock Renovation Project (dock out of service)**

**Note:** While the Port aux Basques Commercial Drivers' Lounge will not officially open for use for another few weeks, the installation of new shower facilities has been completed. These shower facilities are located on the second floor of the terminal and will be available for the use of commercial drivers. Please be advised that while this lounge area has not yet been furnished, Marine Atlantic is opening the shower facilities for the benefit and convenience of our commercial customers.
